

I'm not robot!

how some of the practical effects were done including the monster suit designs. The next featurette, Stunts of Underworld, looks at how the more unbelievable tasks were accomplished and lasts for about 12-minutes. Designing Underworld handles the storyboards and finished sets. YoucAAAll spend 11-minutes on this one. The Look of Underworld feature describes how they made the film appear so dark, the importance of color, and the rain. This is a long one coming in at nearly 20-minutes. Finally, a feature called Sights and Sounds which is simply nine minutes of behind-the-scenes footage. A music video is the last piece. The following six screen shots serve as samples for our subscription-exclusive set of 43 full resolution uncompressed 4K screen shots grabbed directly from the UHD: UHD:
